**American Funds Money Market Fund®**  
American Funds Money Market Fund was renamed American Funds U.S. Government Money Market Fund<sup>SM</sup>.

In addition to the name change, the fund increased its investment in qualifying government securities to meet the standards of a government money market fund. The impact to the fund's investment strategy should be minimal, since the current money market fund already invests primarily in U.S. government securities.

The changes to the money market fund were in response to amendments adopted in July 2014 by the U.S. Securities and Exchange Commission (SEC). These amendments impose new requirements on money market mutual funds.

If you have any questions, please visit the SEC website at [sec.gov/spotlight/money-market.shtml](http://sec.gov/spotlight/money-market.shtml).

**American Funds Strategic Bond Fund<sup>SM</sup>**  
American Funds also launched a new fixed-income fund in the multi-sector bond fund category. The American Funds Strategic Bond Fund seeks to provide maximum total return consistent with preservation of capital.

The updated [statutory prospectuses](#) and [summary prospectuses](#) are now available. An updated Retirement Plan Enrollment Materials Request form will be available by the end of May.
