

**Changes when calling  
E\*TRADE Advisor Services'  
main phone number**

Callers to the E\*TRADE Advisor Services main phone line (303-705-6000) will now be asked to use a 7-digit extension rather than a 4-digit extension to reach their intended party. All previous 4-digit extensions now must be preceded by "705." For example, if you want to access extension 6111, you'll now key in "705-6111."

The direct phone number you currently use to contact your Relationship Manager remains unchanged—no additional digits are necessary.

As always, please contact your Relationship Manager if you have any questions.
