

## Liberty Standard Reports Enhancements!

Just released: Liberty Standard Reports Enhancements!

We have recently enhanced the standard reports page in Liberty to allow users to schedule a standard report to be generated and sent to completed reports for a set time period. For example, you can choose a standard report to be generated on a weekly, monthly or annual basis. This enhancement allows users to generate reports for their own needs and thus allows more self-servicing capabilities. If you have any questions, please reach out to your Client Service Advocate.

The screenshot shows the "Schedule Report" interface. It includes a "Select Frequency" dropdown menu with options for Weekly, Monthly, and Annually. Below this, there is a "Schedule Report:" dropdown set to "Monthly" and a "Next Run:" input field. The "As of Date:" section has an empty input field. The "Date Type:" dropdown is set to "Journal". The "Search for Representative:" section has an empty input field. A calendar widget is displayed, showing the month of March 2023, with days of the week (S, M, T, W, T, F, S) and dates from 1 to 31.

**Investment Products: Not FDIC Insured - No Bank Guarantee - May Lose Value.**
