IMPORTANT NOTIFICATION:

MFS® NEW DISCOVERY VALUE FUND

Effective at the close of business on August 14, 2019 (the "Closing Date"), MFS New Discovery Value Fund ("the Fund"), will be closed to new investors with the following exceptions:

- Existing shareholders as of the Closing Date, including shareholders who exercise their Reinstatement Privilege or transfer shares to another account; this includes the MFS retail fund-of-funds that are invested in the Fund as of the Closing Date.
- Purchases by retirement plans other than traditional IRAs, SIMPLE IRAs, Roth IRAs, SEP plans and SARSEP plans if the Fund is offered or officially selected as an investment option by such plan (or any predecessor plan or other plan sponsored by the same employer) as of the Closing Date.
- Purchases by qualified tuition programs established under Section 529 of the Internal Revenue Code of 1986, as amended, if the Fund is offered as an investment option by such program on the Closing Date.
- Accounts maintained by a registered broker/dealer on its books for which investment decisions are determined by the registered broker/dealer's home office discretionary model portfolios that are controlled by a centralized group responsible for creating such model portfolios and that include the fund as of the Closing Date (approved and recommended fund lists are not included within this exception).

Dividends and capital gains distributions that are automatically reinvested in fund shares will continue to be reinvested.

Capacity management is an integral part of MFS' client-centered strategy. We are committed to continually monitoring and prudently managing capacity to maintain product integrity. We believe these restrictions will allow the investment team to continue to pursue the fund's risk/return objectives.

IMPORTANT NOTIFICATION:

MFS® New Discovery Value Portfolio (VIT III)

Effective at the close of business on August 14, 2019 (the "Closing Date"), MFS New Discovery Value Portfolio will be closed to new investors with the following exceptions:

- Purchases by insurance company separate accounts on behalf of variable annuity contracts and variable life insurance policies that offer the fund as an investment option on the Closing Date.

- Purchases by qualified pension or retirement plans if the fund is offered as an investment option by such plan (or any predecessor plan or other plan sponsored by the same employer) as of the Closing Date.
- Purchases by a fund-of-funds if it is invested in the fund as of the Closing Date.

Dividends and capital gains distributions that are automatically reinvested in fund shares will continue to be reinvested.
