Class C shares of the Fund purchased on or after February 1, 2017 will not be subject to a contingent deferred sales charge.

Therefore, the fee table on page 9 of the prospectus has been amended and restated as shown below. Any references to a contingent deferred sales charge in the prospectus or statement of additional information should reflect the fact that such fees will be charged only for Class C shares of the Fund purchased prior to February 1, 2017 which are sold within one year of purchase.

(1) Class C shares purchased prior to February 1, 2017 that are redeemed during the first 12 months, may be subject to a contingent deferred sales charge in the amount of the commissions paid on the shares redeemed.

(2) Acquired Fund Fees and Expenses are the indirect costs of investing in other investment companies, including exchange traded funds.

(3) The Fund's Adviser has contractually agreed to waive its fees and reimburse expenses of the Fund, at least until October 31, 2017 to ensure that Total Annual Fund Operating Expenses After Fee Waiver and Reimbursement (exclusive of any taxes, interest, brokerage commissions, dividend expense on securities sold short, acquired fund fees and expenses, or extraordinary expenses such as litigation or reorganization costs) will not exceed 1.65%, 2.40% and 1.40% of average daily net assets attributable to Class A, Class C, and Class I shares, respectively. These fee waivers and expense reimbursements are subject to possible recoupment from the Fund within the three years after the fiscal year end during which the fees have been waived or reimbursed, if such recoupment can be achieved within the foregoing expense limits. This agreement may be terminated only by the Trust's Board of Trustees, on 60 days' written notice to the Fund's Adviser.

Please be further advised that, effective immediately, any and all fees or commissions paid to brokers or distributors of Class C shares of the Fund under to the Distribution Plan adopted by the Fund pursuant to Rule 12b-1 of the Investment Company Act of 1940 will be paid on a monthly basis following the sale of those shares.

Accordingly, the **Class C Shares** disclosure under the *How To Purchase Shares* section of the prospectus on page 31 of that document is amended as follows:

Class C shares of the Funds are offered at their NAV without an initial sales charge. This means that 100% of your initial investment is placed into shares of the Fund. Class C shares pay 1.00% on an annualized basis of their average daily net assets as reimbursement or compensation for service and distribution related activities with respect to the Fund and/or shareholder services (also known as “12b-1 fees”). Over time, fees paid under this distribution and service plan will increase the cost of a Class C shareholder’s investment and may cost more than other types of sales charges.

If you have significant holdings in the Swan Funds, you may not be eligible to invest in Class C shares. Specifically, you may not purchase Class C shares if you are eligible to purchase Class A shares without an initial sales charge due to the accumulation of \$1 million or more of shares of the Swan Funds, at either an individual level or when combined with the holdings of your immediate family (your spouse and your children under the age of 21). See “Class A Shares” and “Rights of Accumulation” above for more information regarding sales charge discounts.
