

Checkwriting privileges now available for TCA by E*TRADE clients

Allow clients to quickly and easily access money from their taxable accounts!

Your clients can access and manage the funds in their taxable accounts through our new checkwriting feature. You can provide clients with a checkbook from TCA by E*TRADE that is tied to their account, and clients will be able to use these checks to access the cash balances within their accounts.

Checkwriting features include:

- No restriction on the number of checks written in a 30-day period
- No minimum on check amounts¹
- No per-check charges
- A one-time setup fee of \$35 per account, which includes the first set of standard checks
- Additional check books for \$20

Checkwriting is available for all taxable TCA by E*TRADE account types.

To set up checkwriting, all your client has to do is complete and submit a simple form. For more information on checkwriting features from TCA by E*TRADE, contact your Relationship Manager today.
