

## Model Pending Events Now Available in Liberty

Effective November 11, 2016, you have the ability to view Model Pending Events which displays the details of trades that have not yet settled in a model. Account level activities are rolled up to the model level, allowing you to see all upcoming activity that will affect a model.

To learn more about this feature, please review the [Liberty Model Pending Events User Guide](#). If you have questions or would like a demonstration, please contact your relationship manager.
